Report of Town Manager

NORWAY, MAINE

1966

To the Board of Selectmen and Citizens of Norway:

This is the 169th annual report of the Town of Norway and its 24th year under the Selectmen-Town Manager form of Government.

The fiscal year ended with Norway being in a sound financial condition. We finished the year with a cash balance of $40,125.87 and a surplus of $36,053.96. Uncollected taxes amount to $14,962.04, the original commitment was $405,163.79 or 96.4 per cent of collection.

The only large overdraft to be reported is in the Welfare account. The account was overdrawn by $2500. which will have to be made up in 1967 by increasing our appropriation. This overdraft came about when Norway people with a Norway settlement had aid through other towns. We have managed to help the needy and have a secured loan of over $5,000. on one account. This account up to this year has been kept within the money budgeted for it. Back ten years ago when I first took over, we were appropriating $18,000. for Welfare.

Remember – you as taxpayers are stockholders in our Municipal Corporation, the town of Norway, and are vitally interested in the progress of our town. 1966 saw the completion of our sewer project and we are no longer dumping polluted water into the Little Androscoggin river. During 1966 we rebuilt Sanborn Street and Dean Avenue and tarred them. We spent our Town Road Improvement Funds on the Shedd and Camp Cinnamon Roads. The Greenleaf Avenue bridge was replaced with new steel girders and a steel deck, covered with a hot-top mix. Most of our tar money was spent on our rural roads. The Walker road was surfaced with gravel and a coat of tar.

The usual summer maintenance work of cleaning our streets, patching our highways and cleaning our sewers, as well as grading our dirt roads was carried out.

In 1966 we took down 69 elms infected with the Dutch Elm Disease and will have about 75 more to take down in 1967.

We planted 25 Sugar Maples and 25 Linden shade trees in 1966 and I would like to see this program continued in 1967. In the past four years we have planted 150 shade trees.

The Norway Women's Club has a beautification project under way at the "Dam Site" on Upper Main Street. Tom Ryan

had an attractive flower bed on the opposite side of the street from the Women's Club project. Many others had attractive lawns with flowers and shrubs. All these things go to lend an attractive look not only to our local residents but to our many visitors.

We have had a new industry, the National Radio Co., locate here and a promise of another electronics firm to start here in 1967. There is also a modern Nursing Home and Old-age Home on the architect's planning board to be built in 1967.

There is much to be done to relieve the property tax from becoming too much of a burden. We should all lend our support to the various State and Federal legislation programs that would accomplish much in relieving the real estate owner of paying the full costs of our municipal government. We could eliminate the 18 percent share that the town pays on A.D.C. cases; we should write to our Congressmen and ask them to support legislation that would return 3 percent of our Internal Revenue tax to the State and Municipal government unincumbered. Maybe a consolidation of towns would be beneficial, a study should be made to determine the feasibility.

The key to the future has never been wholly revealed to man, but in every age man has felt a compulsive desire to search out the future, and it will always be so. This is the impetus for progress and accomplishment, unless man's reach exceeds his grasp, he will stagnate.

Christine Peaco replaced Brenda Richardson who resigned to accept employment with B.E. Cole Co. "Chris" has adapted herself to the office routine and we find her a good employee.

TOWN EQUIPMENT

The town equipment is in good condition. We bought one new G. M. C. dump truck and replaced the pickup truck with a 3-4 ton G.M.C. We also traded-in our Michigan loader for a new one. This is a continuation of a program whereby scheduled replacements will be made when five years old.

To the selectmen, employees and citizens, I thank you for your cooperation. I am grateful for the priviledge of working with and for you.

Respectfully yours,

DONALD F. McALLISTER
Town Manager

IN MEMORIAM

To Melville Chapman, who served the Town of Norway for many years as a Selectman and State representative. A friend that will be missed by all.

Librarian's Report

ACTIVITIES

Of major interest to the citizens of Norway was the installation of the new fluorescent lights in the main reading room of the library, a change much appreciated daily by our patrons.

National Library Week, observed April 18 — 23, had "Antiques" as its theme. The week began with a story hour for the children with Mrs. Bradford Towne as story-teller and Mrs. Herbert Adams in charge of games. A special feature of the week was Mrs. Evelyn Clifford's informative talk on Sandwich Glass. Many rare, old treasures were exhibited by local owners at scheduled times during the week.

The summer reading program for children was successful with a party at the close of the session. Awards were distributed to readers who met the requirements.

The library was given a record player with ear phones by Mr. Robret H. Popper, a summer resident, who also supplied carrying cases for records. A stand and rack were furnished by the trustees. With this innovation many records have been donated by interested patrons. The records, which may be borrowed for a 7-dav period, have been greatly enjoyed on special occasions as well as for "silent listening". The library is most grateful for these gifts and the interest that has been shown.

Miss Kathryn Fournier worked during the summer following the resignation of Mrs. Herbert Adams. In October, Mrs. Madeline Tvner became assistant librarian.

The trustees and librarian attended the 73rd. Annual Conference of the Maine Library Association at the University of Maine in June. A Round Table meeting was held at Mexico in October. Also, the West Central Librarian's Association met at the Norwav Memorial Library for its fall meeting — a well attended session with our trustees serving as hostesses for the coffee hour. The workshops aid in a better understanding of current trends in library management.

Several Elementary School classes, attended by their teachers, visited the library during the year for instruction in the use of the card catalog.

The year ended with a Christmas Coffee held at the library. It was a colorful affair with lovely decorations, coffee and refreshments made possible by the generosity of friends and trustees.

The librarians are grateful to the trustees for their assistance this past year, to organizations and individuals who have donated newspapers, periodicals, records and books, including

many memorials, to enrich our library.

We invite all to avail themselves of the fine resources the library has to offer.

NOTICE TO TAXPAYERS
ALL TAXPAYERS SHOULD READ THE FOLLOWING REQUIREMENTS AND COMPLY WITH THEM:

"M. R. S. A.-T. 36, Section 706 of 1965. Assessors to give notice to bring in lists of taxable property; if no lists are brought in, no claim for abatement. Before making an assessment, the assessors shall give seasonable notice in writing to the inhabitants by posting notifications in some public place in the town, or shall notify them, in such other way as the town directs, to make and bring in to them true and perfect lists of their polls and all their estates, real and personal not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year. If any resident owner after such notice, or any non-resident owner after being reasonably requested thereto by the assessors, does not bring in such list, he is hereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayers."

The assessors hereby give notice that they will be in session at the Town Office on Saturday, April 1, 1967 from 9:30 A.M. to 5:00 P.M. for the purpose above stated.

Civil Defense and Public Safety

To the Citizens of Norway:

1966 was my first year as Director of Civil Defense. At that time I did not know the duties of a Director, so I enrolled in a 13 week Civil Defense Management Course held at Lewiston and conducted by the University of Maine.

Our Civil Defense is now an active unit. We have monthly meetings and have held two schools – Medical Self Health and Mass Feeding. Our C. D. police and communications unit are coordinated with local and state law enforcement agencies which has proved helpful on many occasions.

In October our application for matching funds was approved.

The Town Manager, Richard Cole and I have been getting papers, blue-prints, etc. ready so we could make an application for an Emergency Operations Center. After several meetings with State and Federal personnel, our application was approved. This is a matching fund construction.

I want to thank all C. D. personnel and Town officials for their cooperation, for without it many things would not have been accomplished.

I am looking forward to 1967 as I hope to accomplish a lot more.

Respectfully submitted,

LEWIS OLMSTEAD
Director of Civil Defense

Annual Report of Public Health Nursing Services

FOR THE YEAR 1966

Your public health nurse, a member of the staff of the Division of Public Health Nursing works with other people in the community to promote and maintain the best possible health for the citizens of Norway. The generalized services of this program are offered to all age groups regardless of the problems and the socio-economic status of the family.

Working under the direction of the physician the public health nurse's responsibilities are (a) to promote good health in families through education and counseling in areas of maternal and child health, nutrition, personal hygiene, environmental safety and sanitation and mental health; (b) to prevent disease and disability through organization of health clinics which offer physical examinations and immunizations to all pre-school children; (c) to aid in rehabilitation of the sick through giving skilled care to patients requiring part-time professional nursing care, educating the family members in the continuity to return the patient to normal activities.

Your nurse during the past year made some 380 visits to or in behalf of individuals in homes, schools, place of work or

other convenient place to provide nursing care or counseling. Some problems presented could not be handled entirely by the nurse but through reference to and consultation with the appropriate people such as social workers, town officials, hospital personnel and school personnel many health needs were met. Others require more attention and some needs may exist which may never be fulfilled.

This past year three Child Health Conferences for the infant and preschool child were held in which 78 children participated. It was possible for every child to have a physical examination and be immunized against polio, pertussis (whooping-cough), tetanus (lockjaw), diphtheria and smallpox. The following shows how many children were immunized against each disease.

Salk poliomyelitis vaccinations	53
Diphtheria-pertussis-tetanus (in combination)	63
Smallpox vaccinations	11

The number receiving smallpox vaccinations is much lower compared to the other immunizations. This may be due to two factors (1) many parents feel their child can receive this after he starts school and (2) the smallpox vaccination was offered only during the first two clinics because of insect bites which children have with the approaching summer season. Children can have the problem of a vaccination in each insect bite as well as at the original site of the vaccination. In the future it would be advisable to bring children to early clinics if smallpox is desired.

Measles, once considered as a mere childhood disease is now recognized as a serious disease in which complications may develop and leave a child with defective hearing or sight, brain damage and may even cause death. In the past since the measles vaccine was proved effective, you were able to receive this at your family doctor. The State of Maine this year was able to obtain large supplies of the vaccine to be offered to preschool and school children in health clinics. In the fall a measles clinic was held in Norway and 87 childrn were immunized with the Edmonston vaccine and gamma globulin. This is a big step towards the goal of making measles a rare disease such as has been done with polio for this community.

As citizens of this commusity it is your responsibility to protect your children as well as to protect other children for now and for the future. You all should take the responsibility of participating in community health clinics and to encourage your friends and neighbors to join in these activities. Your health and that of your family should be one of your most important concerns in your life. One person cannot be the sole sponsor of a

health program, it takes each individual working together cooperatively towards that goal – to promote good general health among all men and make your homes, your neighborhoods and your community a healthy environment in which to live. In the year to come, your public health nurse will continue her duties in coordination with the citizens of Norway to promote good health and prevent disease and disability.

Sincere appreciation for the continued interest, assistance, cooperation and support is expressed to the citizens of Norway who have participated and will continue to participate in the health programs.

Respectfully submitted,

ELAINE P. EMERY, R.N.
Public Health Nurse

Report of the Norway – Paris Recreation Commission

During the past year, the towns of Norway and South Paris recognized the need for recreational opportunities under year round leadership. The desire for this important program encouraged municipal cooperation which resulted in a joint function supported by both towns.

Today, the Norway – Paris Recreation Commission is serving citizens of all ages. The program began last summr with a playground for children which was quite successful. Since that time, the Commission has provided the following facilities and supervised programs: a recreation center for youth, a ski area for all ages, an elementary and junior high boys basketball program, men's recreation nite, senior citizens centers in each town, an ice skating rink for all ages, and special events for all.

As reflected through the existing program, the Recreation Commission has provided recreational opportunities which have involved a number of participants. Citizens of all ages have participated in a well balanced program with a variety of activities. The weekly attendance figure of 2,000 or more participants is some indication that organized recreation is playing a vital role in meeting the leisure time needs of both towns.

A number of community resources have aided the development of the present program. The use of physical properties as the Norway Opera House, school gymnasiums, the Armory, Church facilities, Grange Halls, and school land are being used for present and future programs. The cooperation of community leaders, officials, and businessmen has played an important role in the growth of recreation in this area.

The purpose of the Recreation Commission is to provide a well balanced recreation program for the citizens of all ages in the towns of Norway and South Paris. The fact that recreation affords direct benefit to the individual and at the same time serves other constructive purposes explains why it is such an important part of life.

The Norway – Paris Recreation Commission wishes to express its appreciation to those persons and groups who have contributed to the program.

Respectfully yours,

MIKE G. ROZOS
Director of Recreation

AN ACT RELATING TO EXEMPTIONS

FROM TAXATION OF VETERANS

"MRSA T-36, Sec. 841. The polls and estate of all persons who by reason of age, infirmity or poverty are in the judgment of the assessors unable to contribute toward the public charges; the estate up to the value of $3,500 of all persons determined to be blind within the definition provided by sections 298 to 318, inclusive of chapter 25, who are receiving aid under the provisions of said sections; but no property conveyed to any persons for the purpose of obtaining exemption from taxation under this subsection shall be so exempt, and the obtaining of such exemption by means of fraudulent conveyance shall be punished by a fine of not less than $100 and not more than two times the amount of the taxes evaded by such fraudulent conveyance, whichever amount is greater; and in case any person entitled to such exemption has property taxable in more than one city or town of the state, such proportion of such total exemption shall be made in each city or town, as the value of the property taxable in such city or town bears to the value of the whole of the property of such person taxable in the state." (1953, c. 291, Sec. 1. 1954, c. 92, Sec. 10.)

"The polls of all soldiers, sailors and marines who served in the army or navy of the U. S. in the Philippine Insurrection or any federally recognized war period prior thereto, or who served in World Wars I or II or the Korean Campaign who receive state pension; the polls of all soldiers, sailors or marines who are receiving pension or retirement pay or compensation or vocational training from the United States government on account of disability incurred in or aggravated by service in said wars; and in the estates up to the value of $3,500 of veterans who served in the armed forces of the United States during any federally recognized war period, including the Korean campaign, who were honorably discharged or honorably separated and retired to the reserve, when they shall have reached the age of 62 years or are receiving any form of pension or compensation from the United States Government for total disability, service connected or non-service connected, as a veteran; and the estates up to the value of $3,500 of the unremarried widow or minor child of any veteran who would be entitled to such exemption if living, or who is in receipt of a pension or compensation from the federal government as the widow or minor child of a veteran: **provided, however, that no person**

shall qualify for such exemption unless the veteran upon whose record the exemption is claimed was a legal resident of this state when he entered the military service of the United States or unless such veteran or his widow has been a legal resident of this state for at least 10 years prior to making the claim for exemption; and provided further that any person hereinbefore enumerated who desires to secure this exemption shall file written proof of entitlement on or before the first day of April with the assessors of the town in which he resides, whereupon the assessors shall grant such exemption to such person while so qualified or until notified of reason or desire for discontinuance; but no property conveyed to any person for the purpose of obtaining exemption from taxation under the subsection shall be so exempt, and the obtaining of such exemption by means of fraudulent conveyance shall be punished by a fine of not less than $100 and not more than two times the amount of the taxes evaded by such fraudulent conveyance whichever amount is greater; and in case any person entitled to such exemption has property taxable in more than one city or town of the state, such proportion of such total exemption shall be made in each city or town, as the value of the property taxable in such city or town bears to the value of the whole of the property of such persons taxable in the state.—R. Board of Selectmen

Norway,

Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, an audit has been conducted of the financial records of the Town of Norway for the fiscal year ended December 31, 1966.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1966, and the results of its operations for the year then ended.

Respectfully submitted,

Armand G. Sansoucy

State Auditor

TOWN OF NORWAY

JANUARY 1, 1966 TO DECEMBER 31, 1966

An audit of the financial records of the Town of Norway has been completed for the fiscal year ended December 31 1966. The audit consisted of an examination of the records maintained under the supervision of the Town Manager and municipal officials.

The operations for the year showed a gain of $27,323.13, which was accounted for as follows:

Departmental Balance Lapsed (net)	$14,102.99
Actual Income Over Estimated	13,220.14
Gain for Year	$27,323.13

The overlay was the major factor contributing to the net unexpended departmental balance. The actual income received was $43,220.14, as compared with an estimate of $30,000.00 for the year.

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . . The general cash balance of $40,125.87 and the sewer project balance of $4,748.75 were on deposit in the Norway National Bank, Norway, Maine at December 31, 1966.

Accounts receivable of $1,850.84 consisted of Opera House rentals and charges due from the State and municipalities for welfare purposes.

Taxes receivable totaling $15,167.48 represented unpaid current year accounts of $14,962.04 and prior year accounts amounting to $205.44. Tax liens and tax acquired property amounted to $2,718.33 and $3,107.26 respectively.

LIABILITIES, REXERVES AND SURPLUS. . . .The departmental accounts showed a net unexpended balance of $21,381,-71, representing various unexpended balances and an overdraft that are carried forward to the ensuing year in accordance with legal requirements and-or customary practice.

The Opera House account closed the year with an unexpended balance of $5,301.22, as compared with a balance of $5,422.96 in the preceding year.

The unappropriated surplus amounted to $36,053.96, a decrease of $7,628.33 for the year. This change was occasioned principally by an authorized transfer to reduce the tax levy less the net unexpended departmental balance lapsed and the excess of actual income over estimated.

DEBT FUND . . . . The debt fund, incorporated in the balance sheet as a separate fund, reflects outstanding Opera House notes of $24,000.00 and Sewer Project notes of $526,036.89. These obligations mature during the next ten years.

WORKING CAPITAL FUND . . . .The cash balance of $10,595.03 in the working capital fund was on deposit in the Norway National Bank Norway, Maine at December 30, 1966.

Current operations showed an increase of $4,486.25 in receipts over expenditures. Receipts totaling $54,160.21 were derived principally from departmental use of equipment and the issuance of a short term note. Disbursements totaled $49,673.96, of which maintenance expense, purchase of new equipment and payment of notes were the major items.

RESERVE AND TRUST FUNDS . . . .Capital reserve funds for fire equipment and a new fire truck in the amounts of $1,081.41 and $5,185.50 respectively were on deposit in the Norway Savings Bank and the Norway National Bank, Norway, Maine at December 31, 1966.

The total amount of trust fund principal was $8,939.76 and unexpended income was $15,686.48. These funds were on deposit in the Norway Savings Bank and the Norway National Bank.

SCOPE OF AUDIT

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recorded cash transactions.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period. Verifications were utilized, on a test basis to determine th correctness of recorded assets and liabilities.

Excise tax collections were checked by examination of copies of receipts retained by the collector. Trust fund transactions were reviewed and investments verified. Surety bond coverage was examined.

To see if the town will approve and adopt the "Agreement Creating the Norway-Paris Recreation Commission", a copy of which is attached hereto and made a part hereof, to govern the conduct of the joint recreation program, provided the same is approved by the Attorney General, as provided by law (M. R. S. A., Title 30, sec. 1953), or what changes the town will make in the agreement.

Agreement Creating The Norway-Paris Recreation Commission

The Inhabitants of the Town of Norway and the Inhabitants of the Town of Paris, both within the County of Oxford and State of Maine, for the purpose of establishing and conducting a joint recreational program, as permitted by M. R. S. A., Title 30, Section 3552, hereby enter into this

Agreement for cooperative action under the provisions of Section 1953 of the said Title 30.

The terms of this Agreement are as follows:

1. **Purpose.** The purpose of this agreementis to establish a joint agency or administrative entity to provide recreational opportunities for the inhabitants, of all ages, of the said towns of Norway and Paris and conduct a joint program to serve their recreational needs.

2. **Name.** The name of such agency or administrative entity shall be The Norway-Paris Recreation Commission.

3. **Composition of Commission.** Said Commission shall be composed of 6 persons, 3 chosen by the inhabitants of each town; the manner of choosing its representatives and their terms of office to be left to the individual towns.

4. **Officers.** The members of said Commission may, annually, following the annual town meetings, choose a chairman, secretary, treasurer and such other officers as they may desire, and establish by-laws and rules of procedure to govern their meetings and actions.

5. **Powers.** They shall have power to hire a professional Director of Recreation whose function shall be to conduct a joint recreation program for said towns under the direction of the Commission, and such other personnel as they deem necessary, fix their compensation and prescribe their duties; and within the limits of their budget and appropriation, to contract for quarters, play-ground facilities, materials, supplies and services; and to accept donations of money, materials and property, real and personal, from private, as well as public, sources; and to sell or exchange any items of property, real and personal, purchased by, or given to, them, except as otherwise provided in the gift.

6. **Manner of Financing Program.** The manner in which the program and the work of the Commission shall be financed, other than by gifts from private sources and grants from state and/or federal sources, shall be through equal annual appropriations by the said towns. Hence, if one town shall appropriate at any annual meeting less than the other, the appropriation of the town appropriating the larger amount shall be reduced to the amount appropriated by the other town.

7. **Annual Report and Budget.** On or before the first day of February in each year the Commission shall submit to the municipal officers of each town a report of the work

of the Commission and its financial operations during the preceding calendar year, and a budget for the current year. The books of the Commission shall be available for inspection upon request at all reasonable times by the municipal officers and interested citizens.

8. **Policy of Non-Discrimination.** The members of the Commission, their agents and employees, shall be chosen without regard to color, creed, national origin or political affiliation; and equal opportunity to participate in the program of the Commission and receive the benefits thereof shall be open to all inhabitants of the said towns regardless of color, creed, national origin or political affiliation.

9. **Duration and Termination.** This Agreement, from the time of its effective date, as hereinafter provided, shall continue in full force and effect until abandonment of, or withdrawal from, the program by either or both of said towns (a) through action taken under an appropriate article therefor in a warrant for a town meeting, or (b) through failure to make an annual appropriation for the program.

This Agreement may, however, be amended by joint action of the parties hereto provided any such amendment is approved by the legal voters of both towns in town meeting pursuant to an appropriate article therefor, and provided, further, that such amendment is approved by the Attorney General of this State. Any such amendment, following such approvals, shall be filed in the offices of the clerks of such towns and with the Secretary of State, and shall thereupon be affective.

Upon any such termination of this Agreement, except in the case of gifts or grants by their terms providing otherwise, the assets of the Commission, after payment of all its liabilities, shall be owned jointly and equally by the said towns of Norway and Paris.

10. **Effective Date.** This Agreement shall take effect as soon as:

(a) It is approved by the Attorney General of this State; and

(b) It is adopted by the Inhabitants of the Town of Norway and the Inhabitants of the Town of Paris, and appropriations for the work of the Commission are made by both towns, in town meetings assembled, under appropriate articles in the warrants for such meetings; and

(c) It is filed with the Clerk of each of the said towns and with the Secretary of State.

(III). To see if the town will authorize the balance in the Youth Commission's account to be transferred to the Recreational Commission.

(IV). To see if the town will vote to appoint to the Recreation Commission the persons whose terms on the Youth Commission do not expire at this meeting, they to serve for the balance of their original terms.

(V). To choose, or instruct the selectmen to choose, a person to serve on the Recreation Commission for 3 years to take the place of the member of the Youth Commission whose term expires at this meeting, and give the selectmen authority to fill any vacancy occurring on said Commission for the balance of the term of the person whose action or resignation may hereafter cause the vacancy.

Audit

January 25, 1968

Board of Selectmen

Norway, Maine

In accordance with your request, an audit has been conducted of the financial records of the Town of Norway for the fiscal year ended December 31, 1967.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the exhibits contained in this report present fairly the financial position of the Town of Norway, and the results of the financial operations for the period indicated.

Respectfully submitted,

Armand G. Sansoucy
State Auditor

Report of Town Manager

1967

To the Board of Selectmen and Citizens of Norway:

This is the 170th annual report of the Town of Norway and its 25th year under the Selectmen-Town Manager form of Government.

There has been much activity in the town office this year. Our sewer system has been completed and a method of paying for it solved. The first sewer assessment bills were sent out in August and without too much controversy were accepted by the users of the system.

Mrs. Beatrice Snow is the newest member of our office staff. "B" does the accounting and billing for the sewer department and I find her work very satisfactory.

Our tax commitment for 1967 was $541,324.21 which was the largest in the town's history. Uncollected taxes amounted to $18,544.49 or 96.5 per cent collection.

Something must be done and soon, to reduce our tax rate. It has become a heavy burden to our retired citizens. Maine cities and towns are facing a severe financial crisis as evidenced by the fact that the State of Maine has the third highest property tax in the Nation. Education takes the biggest bite out of our tax dollar. The State supplies about 39% of our school cost, and until a new source of income is found, real estate taxes have to support the heavy demand made by our schools.

Local teachers' salaries are now comparable to the salaries paid by other school systems in Maine. One way to reduce the teacher's per pupil load, would be to lengthen the school day and the school year. Most employees work a 40 hour week or 2,000 hours

per year, while school teachers work a 35-hour week or 1,260 hours per year. If each teacher would work another school period each day, it would eliminate several teachers and a substantial reduction in the school budget.

Highways

This year, we spent our Town Road Improvement Funds on the Emerson Road. State-aid money was spent on Upper Pleasant Street. The Beal Street bridge was replaced with new girders and a steel deck. The maintenance work consisted of keeping our streets clean and patched. We also carried out our yearly tarring program.

It 1967 we took down over 80 Elm trees infected with Dutch Elm Disease and will have over 230 to be taken down in 1968. We planted 50 maple trees in 1967 and I would like to see this program continued.

My 'budget requests' for 1968 are made after careful consideration and represent minimum amounts necessary to provide the customary services and maintenance programs that our citizens request.

Betty, who is the town office, along with Chris, carry out their duties affably and are tops in the field of public relations.

Equipment

All of our equipment is in good condition. We replaced a 1962 G.M.C. truck for a 1967 Ford F-800. We will trade our 1958 4-wheel-drive truck for another Ford F-800 in 1968.

To the Selectmen, employees and citizens, I thank you for your cooperation, for without your help our municipal programs would not have been successfully completed. This is our town and what happens is of concern to every citizen.

Respectfully submitted,

Donald F. McAllister

Fire Chief's Report

To the Selectmen and Citizens of the Town of Norway, I herewith submit my report for the year of 1967.

The new 750 gallon combination pumper and tank truck that was purchased from Maxim Motor Co. of Middleboro, Mass. was delivered March 25th. The truck has proven to be very satisfactory both in town and in the country. This piece of equipment provides an additional 500 gallons of water, 2,300 ft. of 2½ inch hose, which can be used in the country to lay from dry hydrants and water holes plus a 1,500 gallon foam capacity to be used on oil and gas fires. The town should be very proud to own this piece of equipment.

A new 200 gallon pump was installed on the 1949 G.M.C. tank truck. This is the third pump that has been on this truck. Due to the age of the truck and condition of engine, springs, body and tank I would suggest, that consideration be made to replace this piece of equipment within the next three or four years.

Respectfully submitted,

Robert J. Butters, Chief

Report of the

Norway-Paris Recreation Commission

Throughout the year, the Norway-Paris Recreation Commission has provided a range of recreation activities, programs and facilities for people of all ages. Children, youth and adults were given numerous opportunities to enjoy themselves during their leisure. Our citizens expressed themselves in an atmosphere of fun and enjoyment through: a recreation center for youth, three playgrounds, swimming, baseball, a community band, softball, flag football, golf, skiing, ice skating, basketball, concerts, dances, sliding area, movies, and numerous special events.

A strong case has been built for the support of recreation as a service of local government, demonstrated by the many citizens taking part. In one or more activities, 23% of the total population participated in the program.

The key to the success of the Recreation Commission is leadership. Leadership, paid and voluntary, has been an essential ingredient of the program on all levels. The many young men and women who have demonstrated their sincere interest in various leadership roles was outstanding.

A number of civic groups, private organizations, and businesses are to be congratulated for their cooperative efforts in assisting the recreation program. Even though the commission is a municipal service supported by local taxes, it is dependent upon the support of interested groups and organizations.

The commission would like to take this opportunity to express its appreciation to all those individuals, groups, and organizations who have contributed to the program in any way.

Respectfully submitted,

Mike G. Rozos

Director of Recreation

Civil Defense and Public Safety

To the Selectmen and Citizens of the Town of Norway:

I herewith submit my report for year ending 1967.

The Civil Defense Unit held monthly meetings during the winter months. Our Chief of Police, Adelbert Guilford, worked with the group in training for police work.

Plans have been formulated with our Public Works Department so they can swing into action in case of an emergency.

Through the cooperation of certain business establishments, we have been able to secure 700 additional shelter spaces. The town of Norway now has Fall and Shelter spaces for 1,180 persons.

They are as follows:

Norway National Bank	Stocked 70
U. S. Post Office	Stocked 310
Norway Savings Bank	Stocked 70
Norway Fire Station	Stocked 185
Stephens Memorial Hospital	Not Stocked 545

The Stephens Memorial Hospital will be stocked this Spring.

The Unit participated in the National Civil Defense CDEX-67 excercises which were held October 27 to the 30th.

On September 16-17, 1967, the Unit sent three men to Meadowbrook, N. H. to a Fire and Rescue School.

Our Police Unit is down in personnel as men have moved away or dropped out, but plan to have it back to normal by next fall.

I want to thank all CD personnel, town officials and citizens for their cooperation, for without it, things would not have been accomplished.

Respectfully submitted,

Lewis B. Olmstead, Director

STATE OF MAINE — FOREST SERVICE

Harrison, Maine, Nov. 29, 1967

Mr. Donald F. McAllister, Town Manager

Box 111

Norway, Maine

Dear Mr. McAllister:

The following is a brief report of the work done on the white pine blister rust program in Norway in 1967.

5,996 acres in and near white pine stands were surveyed. This was to locate and destroy the currant and gooseberry bushes which spread the disease from one white pine tree to another. 687 of these host plants were destroyed. They were generally scattered throughout the area and represent the regrowth of the species in the past ten years since these particular areas were last worked.

The cost to do this work was $1,175.48. Norway's share was $598.85 which went toward wages and transportation of men and supplies. The Maine Forest Service provided $576.63 in wages, travel, supervision and supplies. Included in this figure is the cost of mapping an additional 525 acres this fall to complete our mapping on aerial photos in Norway.

There is further acreage to be surveyed in Norway next year. The Forest Commissioner will contact you about this in a few weeks.

Thank you for the fine cooperation we enjoyed from you and the citizens of Norway.

Sincerely,

David W. Stewart

Blister Rust District Leader

Maine Department of Health and Welfare

Annual Report of Public Health Nursing Services

for the Year 1967

The public health nurse is a staff member of the Department of Health and Welfare, Division of Public Health Nursing. The nurse works in conjunction with the other health professions and resource persons in the community: physicians, town and school officials, hospital and clinic personnel, citizens groups, and other medical and social service workers. The objective of public health nursing is to promote community programs that will serve individuals and families in the prevention and control of disease, in the promotion of physical and mental well-being, and in the care and rehabilitation of the sick and disabled. In Norway the community program includes four categories: maternal and child health, communicable disease control, non-communicable diseases, and community projects.

In Norway the maternal and child health program is comprised primarily of Child Health Conferences, clinics designed to stimulate continuous health supervision, physical examinations, and immunizations for the well child who is not under the care of a private physician. One hundred and eighty-one children attended the four combined Norway-South Paris Child Health Conferences with Dr. Warren Hazelton attending physician. Nine children received physical examinations. The following immunizations were given: 44 smallpox, 122 diphtheria-pertussis-tetanus, 66 polio (Salk), and 22 measles. The nurse also offers health supervision and instruction to expectant mothers and to mothers and infants. Only 16 visits were made in the interest of maternal and infant care probably because this service is unknown to the community.

In the control of communicable diseases, the public health nurse is active in tuberculosis case finding, supervises convalescence of patients discharged from the hospital, and encourages inactive tuberculosis patients to continue the recommended regime. In venereal disease control the nurse visits reported cases, locates persons who may have been exposed to the disease, and encourages early treatment in an effort to cure and to prevent the spread of the infection. The control of childhood diseases is prevention through immunizations. In actual cases the nurse provides nursing care to help prevent complications. Nineteen visits were made in an effort to control communicable diseases.

In cases of acute and chronic non-communicable diseases 452 home and collateral visits were made to provide direct nursing care and/or to develop plans of care to rehabilitate patients to their optimum health potentials. Seventy-three visits were made to aid and offer support to persons under mental stress. Functioning under physicians' recommendations, the public health nurse acts as a liaison between family and community resources to interpret, teach and help implement treatment at home.

Community-wide the public health nurse shares in planning programs with workers in the fields of health, education and welfare. In addition to the areas mentioned above, the nurse has participated with: the Norway-Paris Health Council in the interest of community activities; The Southern Oxford County Mental Retardation Association to promote plans for the local school for mentally retarded children; and the school nurse to coordinate state and local efforts in the care of school-age children.

Sincere appreciation is extended to the citizens of Norway who contributed to the effectiveness of the public health program.

Respectfully submitted,

Frances Coulombe, R.N.

ACTIVITIES

The West Central Maine Librarian's Association held three meetings the early part of the year at the Library. Subjects on library management and standards for public library service were discussed.

In observance of National Library Week, Mr. Harry Chadbourne, naturalist at the Mast Landing Sanctuary in Freeport, Maine, gave an illustrated lecture on birds before an audience of adults and also members of the Junior Twin Town Nature Club. The club members arranged special exhibits in the library of rocks, shells and similar objects in related fields. Nature books were on display throughout the week.

Many children joined the summer Book Worm Reading Club with a party concluding the program when awards were presented to outstanding readers.

Several trustees and the librarians attended the annual conference of the Maine Library Association June 5 and 6, and also the fall round table at the new South Portland Public Library.

Children's Book Week in November brought ten classes of third and fourth grade students with their teachers and two special classes to the library for stories and reviews of new, very attractive books. Other elementary classes visited the library from time to time for instruction in the use of the card catalog in locating books on the shelves.

Mrs. Tyner and I wish to thank the trustees for their assistance, the librarians and teachers of School Administrative District, No. 17 for their cooperation, the organizations and many individuals who donated books (including memorials), periodicals and newspapers. We sincerely appreciate the fine interest that our patrons have shown in the growth and welfare of our Library.

REPORT OF TOWN MANAGER

1968

To the Board of Selectmen and Citizens of Norway:

This is the 171st annual report of the Town of Norway and its 26th year under the Selectmen-Town Manager form of Government.

One hundred years ago, 1868, the Town was valued for tax purposes at $244,825.00 with 416 poll taxpapers. Our 1968 valuation was $11,526,185.00 with 988 polls. Total amount needed to run the Town in 1868 was $12,119.15 which included $1,500. for schools. The school system in 1868 was made up of 14 Districts. Times have changed.

We are certainly in an inflationary period, where or when it will end—no one knows. State as well as local government should take a closer look at our economy. Costs have exceeded income—values are now imaginary.

The Town of Norway will have another increase in its tax rate for 1969, as much as 9 mills, and for the retired and low income families, this may be the 'straw that broke the camels back.'

There are several bills in the State Legislature that may grant some relief in 1970, such as more school subsidy money, money for medication and lower valuation on propertly owned by people over 65. This will mean a larger sales tax or income tax, or both.

I do want the citizens to know that the Selectmen and myself are well aware of these problems and will operate the mechanics of the Town as efficiently as possible.

One of the Articles in this year's Warrant asks that the Town vote on joining the State of Maine's Retirement System for the benefit of its employees. We have sixteen (16) employees and nine (9) of whom have been with the Town for over twelve (12) years. This is a fringe benefit and the employees deserve it for their many years of service.

The 1968 committments were carried out as voted. We had three overdrafts—Winter Maintenance, A.D.C., and Hydrant Rental. The early winter caused the overdraft in the winter account and the A.D.C. overdraft was caused by the State not reporting settlements.

The Town equipment is in good condition with the exceptions of the Bulldozer and the Compressor. We intend to rebuild the Dozer and trade the Compressor.

'Don' Hunt and his crew, as usual, have carried out their duties as directed. We do get many compliments from out of town visitors on snow-removal.

To all my associates, employees and citizens, I thank you for your excellent cooperation.

Respectfully submitted,

DONALD F. McALLISTER

Town Manager

HOSE AND LADDERS USED

Ladders	305 ft.
¾" Hose	2,025 ft.
1½" Hose	6,000 ft.
2½" Hose	16,050 ft.

This year we are asking for $1,000. to install three (3) Dry Hydrants. One at Hobb's Pond, another on the backside of Pike Hill Road, and another near the bridge at Lombard Brook on Route 117.

We kept without our appropriations for 1968 and will not ask for any new money for the Fire Department for 1969.

In 1969 the last note of $5,000. will be paid on our 1967 Maxim Fire Truck. I think we should look forward to the future and set aside at least $3,000. a year in a 'sinking fund' for the purchase of a new fire truck, as some of our trucks are over twenty years old.

CIVIL DEFENSE AND PUBLIC SAFETY

To the Selectmen and Citizens of the Town of Norway, I herewith submit my report for 1969:

The Civil Defense Unit held monthly meetings during the winter months, we had movies on Shelter Management, Radioactive Fallout and Emergency Feeding.

We participated in two alerts during the year. The first was on April 27, 1968, a command post exercise, conducted by the State issuing simulated problems to each County.

Oxford County's problem was a forest fire in Waterford and Albany burning out of control, and people of those towns had orders to evacuate their homes and head for Norway and Paris. It was our job to see that these people got food and shelter. We had simulated plans that would have worked very well if it had been the real thing.

The second alert was a National alert held in December, 1968, called 'Exercise Opal '68'. This alert was primarily for the State's staff.

During the month of November 1968, there was a hunter lost in Waterford near the Norway line. Oxford County's C.D. sent their mobil kitchen unit to that area and set up a feeding center. I, myself, did not play any part in that operation. Chief Butters made arrangements with County C.D. and had firemen manning the unit the first day. On the second day we had three women from our feeding team making coffee and sandwiches. It was very cold and these girls worked under adverse conditions. They did a job that every citizen in Norway should be very proud of.

We had our 150 bed field hospital unit inspected last summer and some things had to be replaced. This unit is housed in the Post Office basement.

We will have to replace some of our radios as they are very old and we can't get parts for them.

I want to send some men to the fire and rescue school this summer.

I wish to thank all C.D. personnel, town officials and citizens for their cooperation.

Respectfully submitted,

LEWIS B. OLMSTEAD

REPORT OF THE NORWAY-PARIS RECREATION COMMISSION

It is with distinct pride that the Norway-Paris Recreation Commission is able to report to its citizens of another successful year of operation. As a municipal function of the towns of Norway and South Paris, the Recreation Commission concludes its second full-time year-round program.

During the past year the Recreation Commission planned and implemented numerous programs and activities for citizens of all ages. A number of existing public and private facilities such as school buildings, private land, churches, granges, armory, and others were utilized in an effort to direct activities toward our communities leisure-time needs.

Throughout the year, over twenty-five percent of the two towns population participated in one or more activities, accumulating to a total of 57,735 participants. This reflects an increase over the previous year and builds an even stronger case for community recreation as a service of local government.

Even though the Recreation Commission is a municipal function supported by equal appropriations from each town, it is a community program dependent upon other sources. Volunteers have played an instrumental role in assisting in various activities. Several organizations have contributed funds and other resources to enable the Recreation Commission to expand programs.

The Recreation Commission wishes to thank everyone who helped make 1968 a successful year. Through the cooperation and interest of our fine community, a balanced leisure-time program has been made possible for all.

ACTIVITIES

This year the emphasis was on inter-library cooperation to enable libraries to operate more efficiently with a minimum of expense. A forward step was the organization of a Library Council. Meetings were held bi-monthly in the various libraries in School District 17. The purpose is to make resources and professional tools available to all school and public libraries in this area and to aid communication among librarians.

A telephone was installed in March and paid for for one year by the state through a federal grant for this purpose. It has proved to be of great benefit in facilitating the work of the library.

In observance of National Library Week, two evening meetings, arranged by the trustees, were open to the public when representatives of the Portland investment firm, H. M. Payson & Co., talked on financial problems and investing. Also, a story hour for the children, including colored movies, games and piano solos, was a feature of this special week.

In June, Mrs. Robert G. Harlow, trustee, and the librarian attended the two day annual conference of the Maine Library Association at Bar Harbor. Workshops and regional book selection meetings were also well attended by trustees and librarian. For the first time in six years the all day annual Round Table was held in our library in September.

The summer activities for the children included several story hours and games. A special, delightful feature at Christmas was a Punch and Judy Puppet Show performed professionally by Michael Hatch and his assistants.

Again, we express our sincere appreciation for the cooperation and support we have received through the year from our trustees, and also to the public who were generous in donating books and periodicals.

ANNUAL REPORT OF ANDROSCOGGIN HOME HEALTH SERVICES, INC.

1968

For the person who is sick or disabled, but in need of something less than full time institutional care, the question of how to obtain appropriate part time care may be paramount. For a significant number of Twin Town residents during 1968, the answer has been the Androscoggin Home Health Services.

Beginning in April 1968, the Androscoggin Home Health Service (A.H.H.S.) has operated a visiting nurse program in Norway-Paris with one full time nurse based at the Stephens Memorial Hospital. Additional services offered by the agency have been a visiting registered physical therapist, and the delivery of medical supplies and equipment to patients under the care of the nurse and/or physical therapist.

The prime recipient of services has been the senior citizen for whom chronic illness has created a need for continuous care on a part time basis. The program is by no means limited, however, to the over 65 age group; approximately one-third of Twin Town patients were in the under 65 group.

While the benefits of home health care will vary from case to case, one of the most common is that it makes possible a reduced period of institutionalization. This can be beneficial to the patient for psychological reasons as well as economic, and it can benefit the institution in that it releases space for those who are more acutely ill.

Insurance programs play an important role in covering the cost of home health care. Medicare, Medicaid, major insurance plans, workmen's compensation, the Veteran's Administration and Old Age Assistance are among the programs which pay part, and frequently all of the cost of care. For patients not fully covered by one or more of these or other plans, the agency charges a fee based on individual ability to pay. The A.H.H.S. policy is to deny care to no person because of inability to pay

for service. It is for this reason that we have asked communities to support our program by helping to absorb deficits.

During the nine months of our operation in 1968 (April-December), we provided 803 nursing and 7 physical therapy visits to 37 Norway residents. All of these visits, in accordance with strict agency policy, were under the supervision of each patient's private physician. Out of the total of 810 visits, 645 were covered either in full or in large part by Medicare or Medicaid.

We look forward to our second year of service to Norway residents. Because of the continually increasing demand in the area, we have recently added a second full time nurse to the staff, and we believe this will increase the efficiency of the program.

On behalf of the Board of Directors of my agency, I wish to take this opportunity to publicly thank the citizens of Norway for the support given us in 1968.

Respectfully submitted,

RICHARD H. HOOPER

Executive Director

FOREST SERVICE REPORT

1968

Harrison, Maine
December 5, 1968

Mr. Donald F. McAllister, Town Manager
Box 111
Norway, Maine

Dear Mr. McAllister:

The following is a brief report of the work done on the white pine blister rust control program in Norway in 1968.

3,970 acres in and near white pine stands were surveyed. This was to locate and destroy the currant and gooseberry bushes which spread the disease from one white pine tree to another. 1,155 of these host plants were destroyed. They were generally scattered or in local concentrations throughout the area and represent the regrowth of the species in the past eleven years since these particular areas were last worked.

The cost to do this work was $793.15. Norway's share was $398.83 which went toward wages and transportation of men and supplies. The Maine Forest Service provided $394.32 in wages, travel, supervision, and supplies.

There is no further work of this nature scheduled in Norway until 1971 when 812 acreas should be carefully examined.

Thank you for the fine cooperation we enjoyed from you and the citizens of Norway.

Sincerely,

DAVID W. STEWART

Blister Rust District Leader

STATE DEPARTMENT OF AUDIT

AUDIT REPORT

Augusta, Maine 04330

January 31, 1969

Board of Selectmen

Norway, Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of Norway for the year ended December 31, 1968.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1968, and the results of its operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO

State Auditor

COMMENTS

Scope of Audit

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of bank statements and count of cash.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined on a selective basis. Letters of confirmation were used to verify the correctness of recorded assets and liabilities.

Revenue accruing to the municipality from various sources was reviewed and checked to pertinent records. Records of town meetings, as pertained to financial matters, were checked. Trust and reserve fund transactions were reviewed and investments verified. Surety bond coverage was determined.

Departmental Operations

The fiscal year's operations showed that a net unexpended departmental balance of $7,005.72 and an amount of $8,470.27 representing the excess of actual income over estimated were lapsed to unappropriated surplus.

The overlay and an overdraft in the winter maintenance account were the major factors contributing to the net unexpended departmental balance.

Actual income of $48,470.27, derived principally from excise taxes and state tax reimbursements, exceeded the $40,000.00 estimate which was applied to reduce the 1968 tax levy.

NOTICE — FILL OUT AND RETURN

ASSESSOR'S NOTICE

In accordance with Chapter 91A, Sec. 34, R. S. 1954, as amended.

THE ASSESSORS OF THE MUNICIPALITY
of
Norway, Maine

Hereby give notice to all persons liable to taxation in said municipality, that they will be in session at

THE TOWN OFFICE

In said municipality on the
1st day of April, 9 A.M. to 5 P.M.
for the purpose of revising lists of the polls and estates taxable in said municipality.

Tear out and fill in form on back.

RESIDENT AND NON RESIDENT OWNERS

All inhabitants of the Municipality of Norway, Maine, and all Administrators, Executors, Trustees, etc., of all estates taxable in said municipality of such persons are hereby notified to MAKE AND BRING INTO THE ASSESSOR TRUE AND PERFECT LISTS OF THEIR POLLS AND ALL THEIR ESTATES, REAL AND PERSONAL, not by law exempt from taxation, of which they were possessed on the first day of April, 1969, and be prepared to make oath to the truth of the same and to answer all proper inquiries in writing as to the nature, situation and value of their property liable to be taxed.

ESTATES DISTRIBUTED

And when estates of persons deceased have been distributed during the past year, or have changed hands from any cause, the Executor, Administrator, or other persons interested, are hereby warned to give notice of such change, and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

PERSONS DOOMED

And any person who neglects to comply with this notice is thereby barred of his right to make application to the ASSESSOR or the COUNTY COMMISSIONERS, for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

Blank schedules will be furnished at the Assessor's Office on application.

For convenience the form on the back of this page may be used.
